

# Henry goes to X-Ray

Radiology is on Level 3

Henry books in at  
Radiology reception.

Henry sits in the waiting area and waits his turn.

Hello, my name is Helen.  
I am a radiographer.

This is the X-Ray room.

Please come in.

Your grown up can stay with you if they need to.

They will have to wear a lead coat.

The X-Ray light will move onto your body part.

The machine can sound a bit clunky.

The picture will be taken where the light is shining.

I am taking the X-Ray now.  
Hold still Henry.

You will hear the machine  
make a 'bing' noise.

That wasn't scary and  
it didn't hurt at all.

All finished, well done.  
Here is your sticker.
