

Henry goes to CT

Radiology is on Level 3

Henry books in at
CT reception.

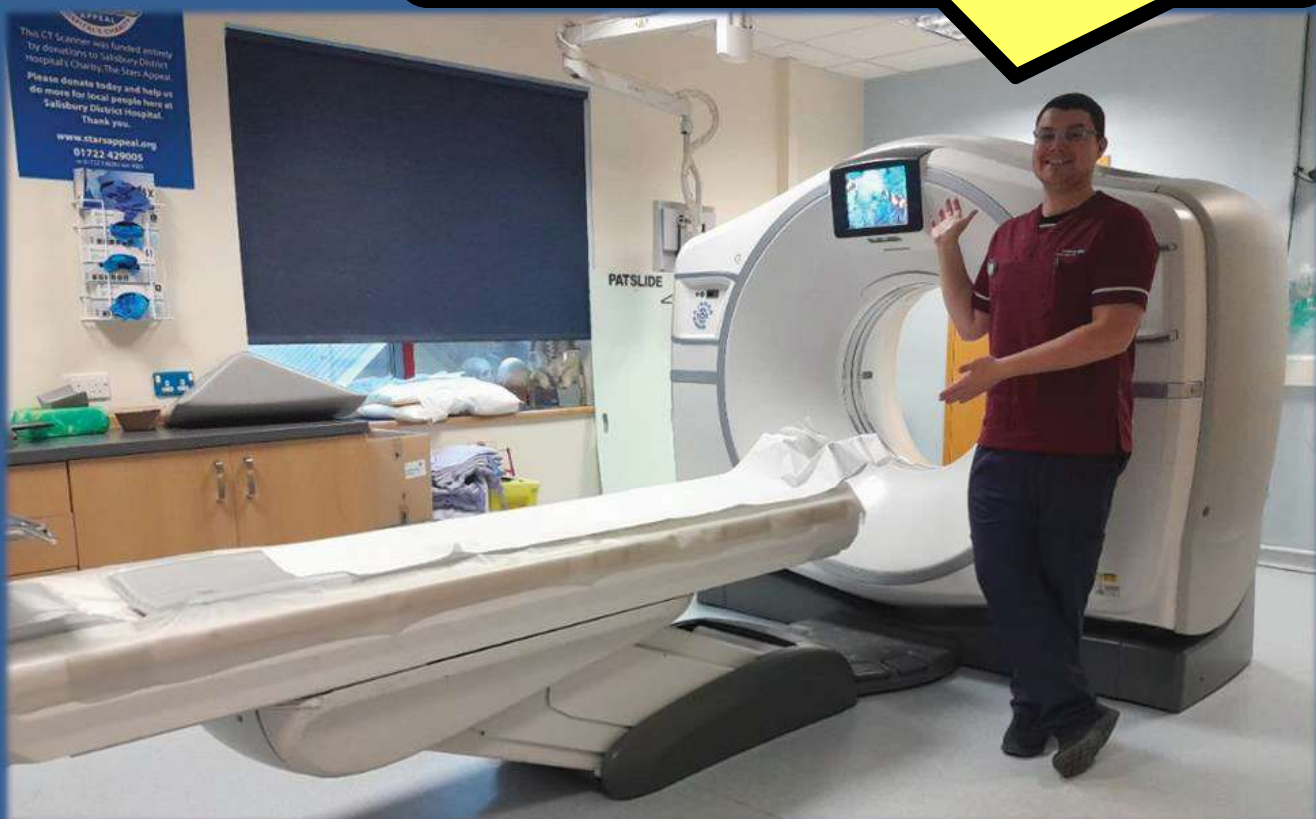

Henry sits in the waiting area and waits his turn.

Hello, my name is Kerry.
I am a Radiographer.

This is the CT machine.

Your grown up can stay with you if they need to.

They will have to wear a lead coat.

Henry can see his name on the screen!

Henry lies down on the bed for his scan.

The bed moves in and out of the scanner.

It can be a little bit noisy.

That wasn't scary and it didn't hurt at all.
