

# Henry goes to Ultrasound

Radiology is on Level 3

Henry books in at Radiology reception.

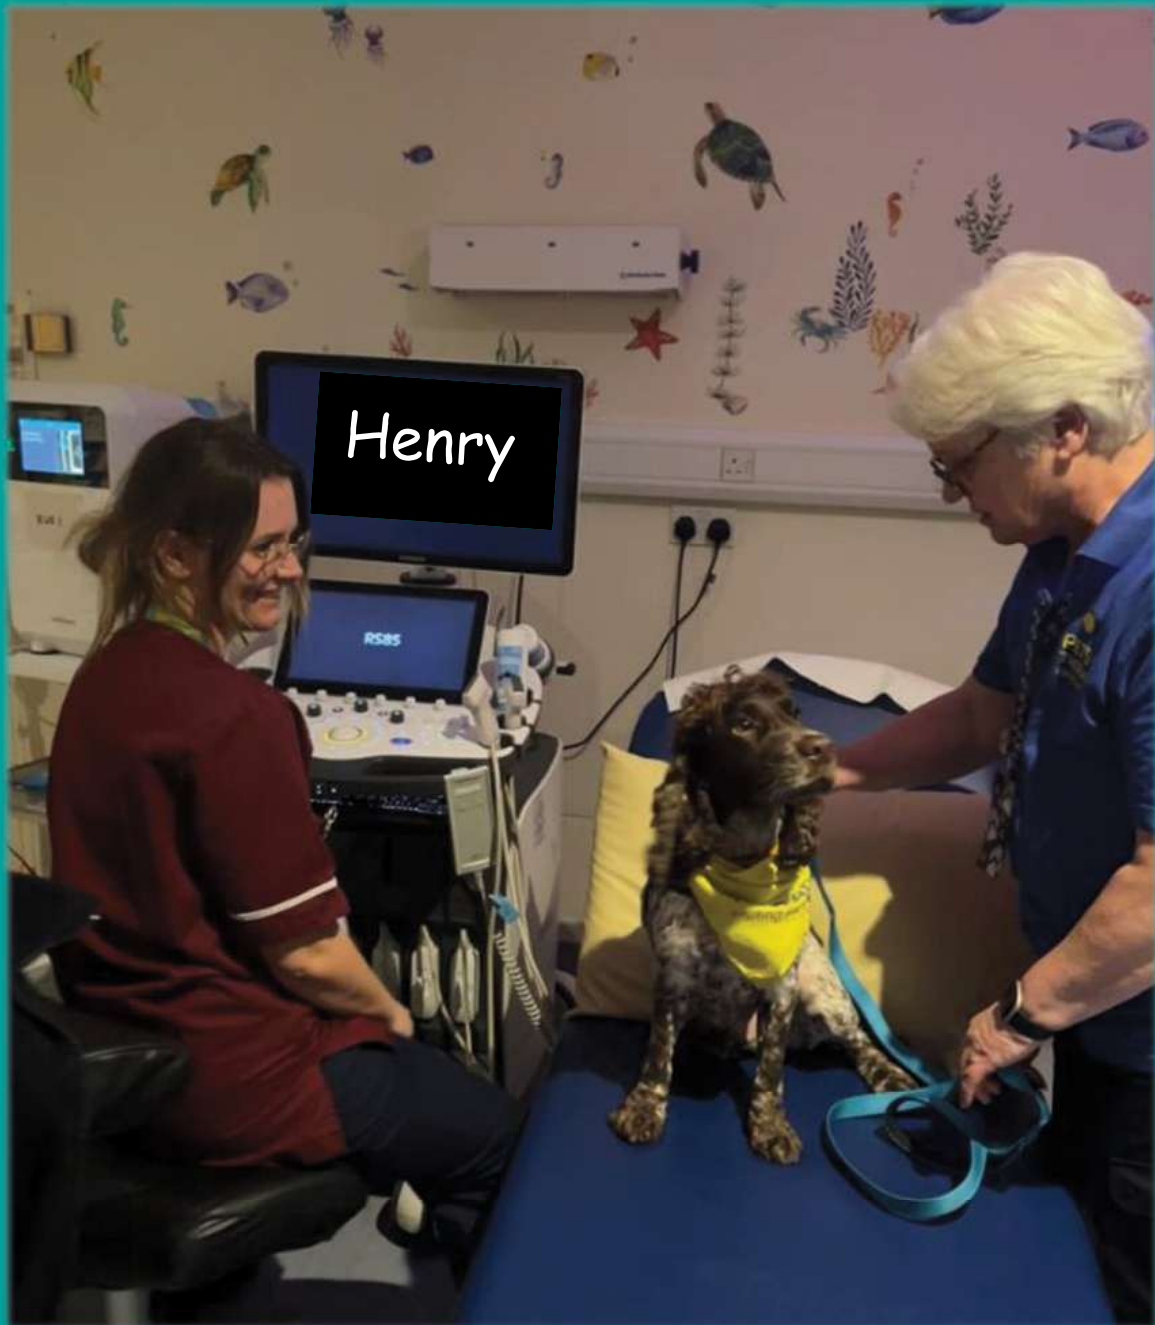

Henry sits in the waiting area and waits his turn.

Hello, my name is Lauren.  
I am a sonographer.

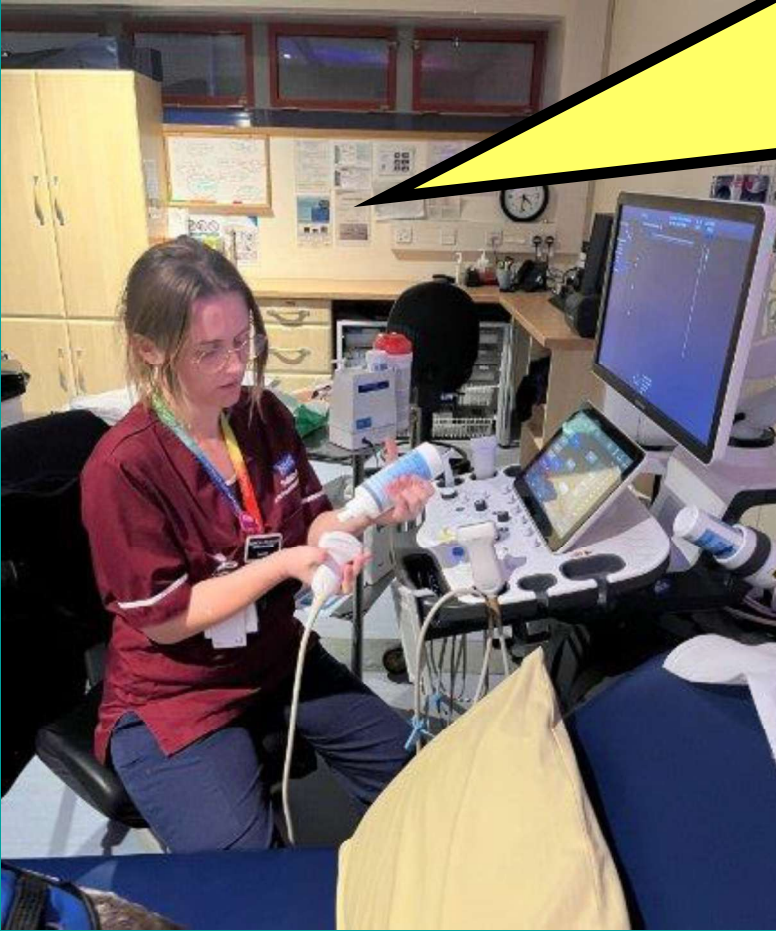

This is the Ultrasound room.

Your grown up can stay with you if they need to.

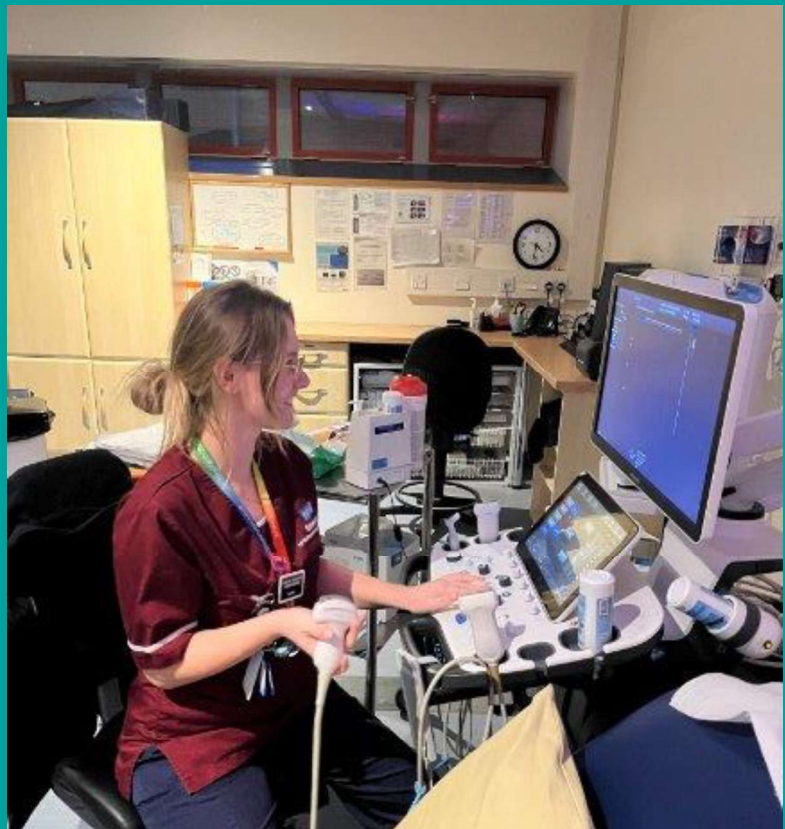

It can be dark in here, but we have colourful lights.

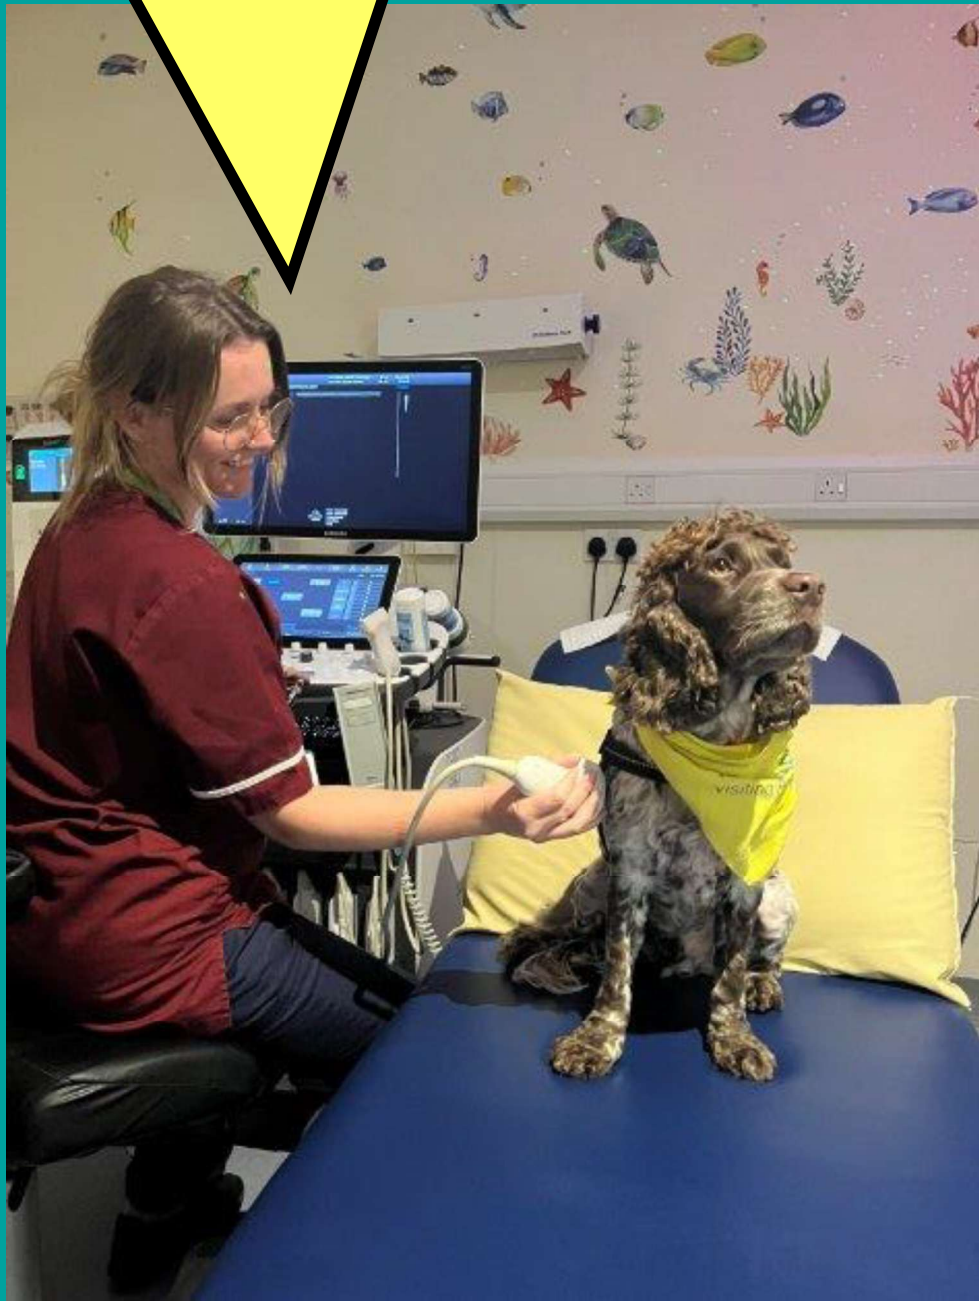

I will put  
some warm  
jelly on  
the special  
wand.

The jelly  
will not  
hurt.

I will now put the special wand on you. It may feel slimy or sticky.

We can see inside your body with our machine!

Henry was brave  
and deserves a sticker.

That wasn't scary and  
it didn't hurt.
